PART 1: MARKET RETAIL CONTRACT TERMS AND CONDITIONS

PREAMBLE

This Contract is a market retail contract. It is about the sale of energy to you at your premises. This Contract is made up of these Contract Terms and Conditions, the Explanation of Benefits, your Energy Plan Details and any other terms and conditions provided (if applicable) (collectively referred to as "this Contract").

In addition to this Contract, the energy laws and other consumer laws also contain rules about the sale of energy to small customers and we will comply with these rules in our dealings with you. For example, the energy laws set out specific rights and obligations about energy marketing, payment methods and arrangements for customers experiencing payment difficulties.

If you accept one of our green options, the Green Option Terms and Conditions at the back of this document apply to your green option. The Green Option Terms and Conditions form a separate contract between you and us (in addition to this Contract).

If you are eligible for and accept a Solar Feed-In arrangement, the Solar Feed-In Agreement Terms and Conditions provided to you will apply to that arrangement, the Solar Feed-In Agreement Terms and Conditions form a separate contract between you and us (in addition to this Contract).

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

More information about this Contract and other matters is on our website at energyaustralia.com.au.

1. THE PARTIES

This Contract is between:

EnergyAustralia Pty Ltd (ABN 99 086 014 968), who sells energy to you at your premises (in this Contract referred to as "we", "our" or "us"); and
You, the customer to whom this Contract applies (in this Contract referred to as "you" or "your").

2. DEFINITIONS AND INTERPRETATION

- (a) Terms used in this Contract have the same meanings as they have in the energy laws. However for ease of reference, a simplified explanation of some terms is given at the end of these Contract Terms and Conditions.
- (b) Where the simplified explanations given at the end of these Contract Terms and Conditions differ from the definitions in the energy laws, the definitions in the energy laws prevail.
- (c) Definitions of the capitalised terms used in this Contract are also given at the end of these Contract Terms and Conditions.
- (d) A reference to a "clause" or "paragraph" in these Contract Terms and Conditions means a clause or paragraph of these Contract Terms and Conditions.

3. DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 These are our terms and conditions

- (a) These Contract Terms and Conditions set out the general terms and conditions of this Contract.
- (b) The Explanation of Benefits provides an explanation of all of the Benefits we offer under our different market retail contract offers.

The Benefits applicable to you under this Contract will be specified in your Energy Plan Details.

- (c) Your Energy Plan Details sets out other terms and conditions of this Contract, including the specific Benefits, tariffs and charges, and any period that tariffs and charges may be fixed, that apply to you under this Contract.

3.2 Application of these terms and conditions

These Contract Terms and Conditions apply to you if:

- (a) you're a residential customer
- (b) you're a business customer who is a small customer; or
- (c) you've been classified as consuming less than 160MWh of electricity and/or less than 1TJ of gas per year, and you've accepted one of our market offers (all of which include these Contract Terms and Conditions) to supply energy to you.

3.3 Application of the energy laws

If you're not a small customer but you have been classified as consuming less than 160MWh of electricity per year and/or 1TJ of gas per year, we both agree to apply the energy laws to you as if you were a small customer.

3.4 Electricity or gas

These Contract Terms and Conditions apply to electricity and gas, but some terms may be expressed to apply only to one or the other. If we're your retailer for both electricity and gas, you have a separate contract with us for each of them.

4. WHAT IS THE TERM OF THIS CONTRACT?

4.1 When does this Contract start?

This Contract starts on the Contract Start Date, which is the date you accept our market offer to supply energy to you (before the relevant market offer expiry date):

- (a) by signing and returning your Energy Plan Details to us; or
- (b) by giving us your verbal acceptance of the relevant market offer; or
- (c) by giving us your acceptance of the relevant market offer electronically (for example, by using our Online Acceptance Form, by email or by SMS); or
- (d) in any other manner that is consistent with the energy laws.

However, energy supply won't start until the Supply Start Date.

4.2 Cooling-Off Period

- (a) You have the right to cancel this Contract within 10 business days after the later of:
 - (i) the Contract Start Date; or
 - (ii) the day on which you receive a copy of this Contract in accordance with the energy laws, referred to as the "Cooling-Off Period".
- (b) You may exercise your right to cancel this Contract within the Cooling-Off Period even though you agreed to or accepted this Contract.
- (c) You may cancel this Contract within the Cooling-Off Period by informing us either orally or in writing of your intention to cancel this Contract. If you do so, this Contract will end immediately.
- (d) Upon request, we will provide you with a copy of our record of your cancellation at no charge.

4.3 Start of energy supply

The supply of energy to your premises will start on the Supply Start Date, which is:

- (a) if you are an existing customer of ours and are not moving premises – on the Contract Start Date; or

- (b) if you were already an existing customer of ours but are moving premises – on the agreed connection date; or
- (c) if you were not already an existing customer of ours – on the date on which your assigned meter identifier has been transferred to us, which will be the day after your next meter reading.

4.4 Your right to end this Contract

- (a) In addition to your right to cancel this Contract under clause 4.2, you may end this Contract at any time after the end of the Cooling-Off Period by notifying us that you wish to end this Contract.
- (b) If you want to end this Contract because:
 - (i) you want to start taking energy supply at your existing premises from another retailer – this Contract will end on the date on which your assigned meter identifier has been transferred to your new retailer (which will usually happen on or soon after a final meter read at the premises); or
 - (ii) you're vacating your premises and your Contract won't be continuing at your new premises – this Contract will end on the date of the final meter read at the premises, unless clause 4.5(d) applies; or
 - (iii) you're remaining at your premises but wish your energy supply to be disconnected – this Contract will end 10 business days after the date of disconnection as provided for in clause 4.9(a)(vii); or
 - (iv) you want to start an entirely new Contract with us (rather than amend this Contract to reflect new arrangements) – this Contract will end on a date that we both agree.

4.5 Final meter read at the premises

- (a) If:
 - (i) you want to start taking energy supply at your existing premises from another retailer; or
 - (ii) you're vacating your premises (whether or not you want to take this Contract with you to your new premises); or
 - (iii) you're remaining at your premises but wish your energy supply to be disconnected, you'll need to notify us.
- (b) In all of these cases, a final meter read will need to be taken at your existing premises. You can choose to wait for the next scheduled meter read or, if you want this to happen sooner, you can ask us to arrange a special meter read (in which case an additional fee will apply, unless we decide to waive it). If you're transferring your premises to another retailer and your new retailer arranges for a special meter read, we won't need to arrange it or charge you the fee.
- (c) You will be responsible for tariffs and charges for energy supply at your existing premises until and including the date of the final meter read (regardless of who actually used the energy).
- (d) In addition, if you continue to take supply from us at your existing premises after the date of the final meter read (for example, where we haven't disconnected the premises, the premises haven't been transferred to another retailer and you remain there), you will continue to be liable for tariffs and charges for that energy supply for as long as you continue to take supply.

4.6 Vacating your premises

- (a) If you're vacating your premises, you must also provide your forwarding address to us for your final bill under this Contract.
- (b) We may also require you to pay a disconnection fee.

4.7 Moving premises

- (a) If you're moving premises, you may ask us to transfer this Contract to your new premises.
- (b) If you do so, we may offer to amend this Contract by transferring this Contract to your new premises. The notice will specify the tariffs and charges, Benefits and other terms and conditions that apply to this Contract at your new premises.
- (c) If you accept the offer, this Contract will be amended in accordance with the notice and will continue on those terms. We may also require you to pay a connection or reconnection fee at your new premises.
- (d) If you reject the offer, this Contract will end under clause 4.4(b)(ii).

4.8 Credit checks / assessments

You acknowledge and agree that:

- (a) EnergyAustralia Services Pty Ltd ABN 73 081 074 160 (EA Services), one of our related bodies corporate, may carry out a credit check or credit assessment on you from time to time and use the personal information it obtains from the relevant credit reporting bureau (CRB), or personal information it derives from the information it obtains from the CRB (collectively "credit eligibility information") for performing, on our behalf, tasks that are reasonably necessary in processing your application for credit from us or in managing credit provided by us to you. In order to carry out a credit check, EA Services may disclose your personal information to a CRB for the purposes of obtaining credit reporting information about you. In accordance with relevant laws, EA Services may report an overdue payment to a CRB.
- (b) If EA Services conducts a credit check and the results are not satisfactory to us, we may end this Contract immediately by notifying you within the Cooling-Off Period.
- (c) Alternatively, in the 14-day period after the end of the Cooling-Off Period, we may give you a notice amending the terms of this Contract by replacing the tariffs, charges and Benefits specified in your Energy Plan Details with our standing offer prices (in which case the Benefit Period and the Exit Fee Term will no longer apply).
- (d) More information about credit checking is set out in the Credit Information Statement made by us and by EA Services (available on our website at energyaustralia.com.au) and the relevant section of our Privacy Policy (as set out in Part 4 to this Contract, and as amended from time to time hereafter).

4.9 When does this Contract end?

- (a) This Contract ends:
 - (i) if clause 4.2 applies (Cooling-Off Period) – as set out in that clause; or
 - (ii) if clause 4.4 applies (Your right to end this Contract) – as set out in that clause (whether or not you give us the necessary notifications under that clause); or
 - (iii) if clause 4.8(b) applies (unsatisfactory credit check) – as set out in that clause; or
 - (iv) if clause 5.2(b) applies (ineligibility for your plan) – as set out in that clause; or
 - (v) if clause 25 applies (Retailer of Last Resort Event) – as set out in that clause; or
 - (vi) if you're not a small customer or are no longer a small customer and we notify you that this Contract will end – on a date specified by us in the notice or as otherwise agreed between us; or

- (vii) if:
 - (A) the premises are disconnected (other than where we choose to disconnect after you leave the premises and clause 4.4(b)(ii) applies); and
 - (B) you haven't met the requirements in the energy laws for reconnection, – at the end of the period of 10 business days from the date of disconnection; or
 - (viii) on a date or event specified in your Energy Plan Details; or
 - (ix) if we both agree to a date to end this Contract – on the date that is agreed, referred to as the "Contract End Date"; or
 - (x) if clause 6.2(d) applies (notice after Benefit End Date) – on a date specified by us in the notice.
- (b) Rights and obligations accrued before the end of this Contract continue despite the end of this Contract, including any obligations to pay amounts to us. We may issue bills to you after the Contract End Date for energy supply and other services provided up until the Contract End Date.

5. PLAN TYPE AND ELIGIBILITY REQUIREMENTS

5.1 Your plan type

- (a) The plan specified in your Energy Plan Details is the plan that you have accepted.

5.2 What happens if you weren't eligible for your plan at the Contract Start Date?

- (a) If we determine (after you enter into this Contract) that you weren't eligible for your plan (in accordance with the eligibility requirements set out in your Energy Plan Details) at the time of entering into this Contract, or that you were on a different network tariff at the time of entering into this Contract from the one that we had believed you were on, we'll contact you to advise you of the options you have. If you don't select any of the options provided to you within the period specified, and:
 - (i) you weren't a customer of ours immediately prior to entering this Contract, you agree to us initiating a transfer of your assigned meter identifier to the energy retailer who was responsible for supplying energy to your premises immediately prior to you entering into this Contract or, if this isn't possible, a plan determined by us appropriate to your usage; or
 - (ii) you were a customer of ours immediately prior to entering into this Contract, you agree to us transferring you to the plan you were previously on or, if such plan is no longer available, to a plan determined by us appropriate to your usage.
- (b) This Contract ends upon the transfer of your assigned meter identifier in accordance with paragraph (a)(i) to another energy retailer and you will still be responsible for paying us for any energy and other charges up to the date of the transfer.
- (c) If paragraph (b) doesn't apply, this Contract continues on the terms and conditions applicable to the plan to which you are transferred and you are deemed to have been on that plan from the Contract Start Date.

5.3 What happens if you become ineligible for your plan?

- (a) If at any time we become aware that you no longer meet the eligibility requirements for your plan set out in your Energy Plan Details, whether due to a change in use or for any other reason, or if your network tariff changes, we may notify you that you're no longer eligible for

your current plan.

- (b) The notice may include an offer to amend this Contract by transferring you to a different plan appropriate to your circumstances and the notice will detail the terms and conditions of the offer (including the Benefits, tariffs and charges applicable to the different plan).
- (c) If you don't reject the offer within the period set out in the notice, you agree that you are taken to have accepted the offer. This Contract will be amended in accordance with the notice and you will be on the plan specified in the notice. You will be deemed to have been on that plan from the date you became ineligible.
- (d) If within the period set out in the notice you notify us that you reject the offer and want to end this Contract, this Contract ends in accordance with clause 4.4.
- (e) If within the period set out in the notice you notify us that you reject the offer but don't also notify us that you want to end this Contract, you agree that after the period set out in the notice:
 - (i) this Contract will continue on our standing offer prices; or
 - (ii) if your usage means you are no longer a small customer, you will be billed in accordance with tariffs and charges that we deem applicable to your usage.
- (f) If the notice does not contain an offer in accordance with paragraph (b), you agree that after the period set out in the notice this Contract will continue on our standing offer prices.
- (g) If paragraphs (e) (i) or (f) apply, the tariffs, charges and Benefits specified in your Energy Plan Details will be replaced with our standing offer prices. The Benefit Period and the Exit Fee Term will no longer apply.
- (h) If paragraphs (d), (e) (i) or (f) apply, then from the date that you became ineligible until:
 - (i) this Contract ends (in the case of paragraph (d)); or
 - (ii) (the standing offer prices start to apply (in the case of paragraph (f))),

we may bill you for energy supplied and other services provided at the tariffs and charges applicable to a plan most appropriate to your use.

6. THE BENEFIT PERIOD

6.1 What is the Benefit Period?

- (a) The Benefit Period is the period that starts on the Benefit Start Date and ends on the Benefit End Date.
- (b) If provided for in your Energy Plan Details, you'll receive the Benefits set out in the Energy Plan Details during (or in relation to energy supply during) the Benefit Period (and may continue after the Benefit Period). Where permitted by the energy laws, some Benefits may be expressed to apply for a lesser period than the full Benefit Period. Receiving the Benefits is dependent on you meeting the conditions of the relevant Benefits as set out in the Explanation of Benefits. The amount of a Benefit is specified in your Energy Plan Details. The amount of a Benefit may be increased (or a new Benefit added) with written notice in accordance with the energy laws.

6.2 What happens at the end of the Benefit Period?

- (a) After the Benefit End Date, as required by the energy laws and otherwise at our discretion, you will continue to receive the Benefits set out in the Energy Plan Details until this Contract ends or (if permitted by the energy laws) you accept a different Benefit or

Benefits in accordance with this clause.

- (b) We may offer to enter into a new contract with you by giving notice, which will include the terms and conditions of the offer.
- (c) If you accept this offer within the period set out in the notice (provided that period is after the Benefit End Date), we will enter into a new contract with you on the terms and conditions detailed in the notice.
- (d) If you don't accept this offer within the period set out in the notice, we may further notify you that this Contract will end on a specified date. After this date, if you continue to take supply from us at your existing premises, you will be charged at our standing offer prices for that consumption in accordance with our standard retail contract.
- (e) The following paragraphs (f) – (l) apply only where permitted by the energy laws.
- (f) If we are proposing to offer a different Benefit or Benefits to the ones existing under the current Benefit Period, before the Benefit End Date, we'll send you a notice advising you that the Benefit Period is due to end. We'll do so no earlier than 40 business days and no later than 20 business days before the Benefit End Date.
- (g) The notice may include an offer to amend this Contract by replacing the existing Benefit Period with a new Benefit Period and detailing the terms and conditions of the offer (including the Benefits, tariffs and charges that will apply to the new Benefit Period).
- (h) If you don't reject the offer within the period set out in the notice, you agree that you are taken to have accepted the offer. This Contract will be amended in accordance with the notice.
- (i) If within the period set out in the notice you notify us that you reject the offer and want to end this Contract:
 - (i) this Contract ends in accordance with clause 4.4; and
 - (ii) you'll stop receiving the Benefits on the earlier of the Benefit End Date and the Contract End Date; and
 - (iii) if this Contract has not ended by the Benefit End Date, you agree that our standing offer prices apply to the period between the Benefit End Date and the Contract End Date.
- (j) If within the period set out in the notice you notify us that you reject the offer but don't also notify us that you want to end this Contract, you agree that after the Benefit End Date this Contract will continue on our standing offer prices.
- (k) If the notice doesn't contain an offer in accordance with paragraph (b), you agree that after the Benefit End Date this Contract will continue on our standing offer prices. We'll remind you before the Benefit End Date that this Contract will continue on our standing offer prices after the Benefit End Date.
- (l) If your Benefit End Date has passed and we have not contacted you in accordance with this clause, your Benefit Period will continue until we contact you with at least 20 days' notice.

7. EXIT FEE

- (a) If provided for in your Energy Plan Details, you must pay one or more exit fees if you end this Contract and as a result the Contract End Date is during the Exit Fee Term. The amount of any exit fees will be specified in your Energy Plan Details.
- (b) An exit fee won't apply in any of the following circumstances:
 - (i) if you end this Contract during the Cooling-Off Period in accordance with clause 4.2; or

- (ii) if you vacate your premises but immediately enter into a new contract with us at your new premises; or
 - (iii) if you vacate your premises and transfer this Contract to your new premises (note that other fees may apply, such as for special meter reads, connection, disconnection or reconnection); or
 - (iv) if you vacate your premises and move to a location that we don't service; or
 - (v) if you end this Contract in accordance with clause 11.2(d).
- (c) If you vacate your premises and you've paid any exit fees in relation to the end of this Contract and you enter into a new contract with us within 3 months of the Contract End Date, we'll credit to your first bill under your new contract with us the amount of the exit fees paid. We reserve our right to require you to provide evidence of your previous account to obtain the benefit provided under this clause. This clause survives the termination of this Contract.
- (d) We may also waive an exit fee at our discretion depending on the circumstances.

8. SCOPE OF THIS CONTRACT

8.1 What is covered by this Contract?

- (a) Under this Contract we agree to sell you energy at your premises. We also agree to meet other obligations set out in this Contract and to comply with the energy laws, including, where we sell you electricity, the provision, installation and maintenance of your meter.
- (b) In return, you agree:
- (i) to be responsible for charges for energy supplied to the premises until this Contract ends under clause 4.9 even if you vacate the premises earlier; and
 - (ii) to pay the amounts billed by us under this Contract; and
 - (iii) to meet your obligations under this Contract and the energy laws.

8.2 What is not covered by this Contract?

This Contract doesn't cover the physical connection of your premises to the distribution system, including the maintenance of that connection and the supply of energy to your premises. This is the role of your distributor under a separate contract called a customer connection contract.

9. YOUR GENERAL OBLIGATIONS

9.1 Full information

You must give us any information we reasonably require for the purposes of this Contract. This includes, on request, Acceptable Identification, your contact information and details of your eligibility for any concession. The information must be correct, and you must not mislead or deceive us in relation to any information provided to us.

9.2 Updating information

You must tell us promptly if:

- (a) information you've provided to us changes, including if your billing address changes or if your use of energy changes (for example, if you start running a business at the premises); or
- (b) you are aware of any change that materially affects access to your meter or to other equipment involved in providing metering services at the premises.

9.3 Life support equipment

- (a) If your premises are in Victoria, before this contract starts, we were required to ask you whether a person residing or intending to reside

- at your premises requires life support equipment.
- (b) If a person living or intending to live at your premises requires life support equipment, you must:
 - (i) advise us that the person requires life support equipment;
 - (ii) register the premises with us or your distributor; and

 - (c) You must tell us or your distributor if the life support equipment is no longer required at the premises.
 - (d) Subject to satisfying the requirements in the energy laws, if you don't provide medical confirmation to us or your distributor, we may cease registration of your premises as having life support equipment.
 - (e) If you tell us that a person living or intending to live at your premises requires life support equipment, we must give you:
 - (i) at least 50 business days to provide medical confirmation for the premises;
 - (ii) general advice that there may be a distributor planned interruption, retailer planned interruption or unplanned interruption to the supply of energy to the premises;
 - (iii) If your premises are located outside Victoria, at least 4 business days' notice in writing of any retailer planned interruption to the supply of electricity to the premises unless we've obtained your explicit consent to the interruption occurring on a specified date;
 - (iv) information to assist you to prepare a plan of action in case of an unplanned interruption; and
 - (v) emergency telephone contact numbers.

9.4 Obligations if you are not an owner

If you can't meet an obligation relating to your premises under this Contract because you're not the owner you won't be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for the premises fulfils the obligation. You must provide contact details for your rental agent or property owner if we request them.

10. OUR LIABILITY

- (a) The quality and reliability of your electricity supply and the quality, pressure and continuity of your gas supply is subject to a variety of factors that are beyond our control as your retailer. These include accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a relevant authority.
- (b) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this Contract.
- (c) Unless we've acted in bad faith or negligently, the energy laws exclude our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises. This includes any loss or damage you suffer as a result of the defective supply of energy.

11. PRICE FOR ENERGY AND OTHER SERVICES

11.1 What are our tariffs and charges?

- (a) Our tariffs and charges for the sale of energy to you under this Contract are set out in your Energy Plan Details. You agree to pay these tariffs and charges.
- (b) The amount we charge you for the energy used at your premises is

generally made up of the following components:

- (i) the Usage Charges;
 - (ii) the Daily Supply Charge; and
 - (iii) the Capacity Charges (if applicable), as specified in your Energy Plan Details, unless your Energy Plan Details contains a different pricing structure.
- (c) Different Usage Charges may apply at different times during the day or to different energy usage thresholds. If so, the different rates, times at which these different rates apply, usage thresholds and how they apply will be specified in your Energy Plan Details.
- (d) In addition to the amount referred to in paragraph (b), the tariffs and charges that you're required to pay may include any or all of the following:
- (i) exit fees (see clause 7); and
 - (ii) late payment fees (see clause 13.4); and
 - (iii) merchant service fees (see clause 13.5); and
 - (iv) fees for dishonoured payments (see clause 13.6); and
 - (v) additional costs related to your meter that are incurred at your request or due to your act or omission, such as fees for a special meter read, installation of a new meter or meter repair. These costs don't include the costs of a scheduled meter read or any meter repair or installation as a result of a faulty meter (unless you're responsible for causing the fault); and
 - (vi) connection, disconnection or reconnection fees; and
 - (vii) any other fees imposed by your distributor due to something specific to your needs (this doesn't include ordinary charges for the use of the networks in order to supply energy to you, which are already included in the tariffs and charges under this Contract); and
 - (viii) any other fees set out in your Energy Plan Details; and
 - (ix) fees for any other goods or services required, or requested by you, on a case-by-case basis (whether or not the fee is specifically set out in the Energy Plan Details).

11.2 Changes to tariffs and charges

- (a) Where permitted by the energy laws, we may vary the tariffs and charges set out in your Energy Plan Details, or introduce new tariffs and charges, to reflect any increase in our direct or indirect costs or to allow us to fully recover our direct or indirect costs relating to any one or more of the following:
- (i) us purchasing energy for sale to you, including managing or minimising our price risk;
 - (ii) other costs that we incur in order to sell energy to you at the premises, including in relation to networks, metering, energy market participation, our liability under environmental schemes, loss factors (if this Contract is for the sale of electricity) and unaccounted for gas (if this Contract is for the sale of gas); and
 - (iii) the imposition of a new law, regulatory requirement or Tax, a change to a law, regulatory requirement or Tax, a change to the interpretation of a law or regulatory requirement or a change to the basis for imposing or calculating any Tax.
- (b) Where permitted by the energy laws, we may also vary the tariffs and charges set out in your Energy Plan Details, or introduce new tariffs and charges, for any reason other than those set out in clause 11.2(a).
- (c) We'll give you notice of any variations to tariffs and charges that

affect you:

- (i) when required under the energy laws, at least 5 business days before the variation applies; or
 - (ii) otherwise, as required or permitted by the energy laws, as soon as practicable and in any event no later than your next bill.
- (d) If:
- (i) we vary tariffs and charges or introduce new tariffs and charges in accordance with clause 11.2(a) and your total bill on the new tariffs and charges (calculated in accordance with clause 11.2(e)(ii)) is higher than it would be under our standard retail contract (calculated in accordance with clause 11.2(e)(ii)); or
 - (ii) we vary tariffs and charges or introduce new tariffs and charges in accordance with clause 11.2(b), and you notify us that you wish to end this Contract in accordance with clause 4.4(a) within 20 business days after the date that you receive our notice of variation, then:
 - (iii) this Contract will end in accordance with clause 4.4; and
 - (iv) we'll waive any exit fee that would otherwise apply.
- (e) For the purposes of the comparison under clause 11.2(d)(i):
- (i) your total bill on the new tariffs and charges will be calculated by reference to the amount of energy used during your most recent full billing cycle and the new or varied tariffs and charges, applying any Benefits which could apply to your bill as if you've met the relevant eligibility criteria for that Benefit; and
 - (ii) your total bill under our standard retail contract will be calculated by reference to the same amount of energy as in 11.2(e)(i) and our standing offer prices as at the date the variation is effective.

11.3 Pro rata calculations

- (a) If a tariff applying to you changes during a billing cycle, we may calculate your next bill on a proportionate basis or as otherwise provided for in the energy laws.
- (b) We may also calculate your bills on a proportionate basis in other appropriate circumstances, such as where supply starts or ends during a billing cycle.

11.4 GST

12. BILLING

12.1 General

We'll send a bill to you as soon as possible after the end of each billing cycle. We'll send the bill:

- (a) to you at the physical or electronic address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the physical or electronic address specified by you.

12.2 Calculating the bill

Unless otherwise agreed, the bill we send to you ("your bills") will be calculated on:

- (a) the amount of energy used at your premises during the billing cycle including,

12.3 Estimating the energy usage

- (a) We may estimate the amount of energy used at your premises if your meter can't be read, if your metering data isn't obtained (for example, if access to the meter isn't given or the meter breaks down or is faulty), or if you otherwise consent.
- (b) If we estimate the amount of energy used at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your meter is later read, adjust your bill for the difference between the estimate and the energy actually used; and
 - (iii) if required by any applicable energy laws, give you an opportunity to request an adjustment to the bill based on your own reading of the meter.
- (c) If the later meter read shows that you've been undercharged, we'll allow you to pay the undercharged amount in instalments, over the same period of time during which the meter was not read (if less than 12 months), or otherwise over 12 months.
- (d) If the meter hasn't been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the meter, we'll comply with your request but may charge you any cost we incur in doing so.

12.4 Your historical billing information

When you ask us, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if you require information going back more than 2 years or we have already given you this information:

You must pay to us the amount shown on each bill by the date for payment ("the pay-by date") on the bill.

13.2 Issue of reminder notices

If you haven't paid your bill by the pay-by date, we'll send you a reminder notice that payment is due and must be paid. The reminder notice will give you a further due date for payment that will be not fewer than 6 business days after we issue the notice.

Note: Rate Fix described in the following is only a Benefit under this Contract if you entered into your Contract with us **before 1 July 2020**. If you entered into your contract on or after 1 July 2020, then fixed rates are a feature that may be applicable to your contract for a particular period (if specified in your Energy Plan Details) but which are not subject to any of the terms applying to Benefits under this Contract or the following conditions.

Benefit	Rate Fix

Note: For all Benefits (other than Campaign Rewards), if a Benefit is expressed to apply to bills during certain billing cycles and you change to a different plan with different Benefits during such a billing cycle, we'll apply the existing Benefit and the new Benefit on a proportionate basis based on the period for which you were eligible for each Benefit.

PART 3: GREEN OPTION TERMS AND CONDITIONS

If you accept one of our green options, the following terms and conditions apply to the green option ("Green Option Terms and Conditions"):

- (a) You agree to pay the extra amount for your selected green option as shown in your Energy Plan Details. You agree that this amount, which will appear on your electricity bills, will be charged in addition to the electricity tariffs and charges that you're obliged to pay under your Contract.
- (b) We may vary the tariffs and charges of your green option from time to time and we'll use our best endeavours to provide you with notice as soon as practicable, or in any event no later than your next bill, if we vary these tariffs and charges.
- (c) You may switch to another appropriate green option or cancel your green option by giving us at least 30 days' notice. Please note that
 - (i) switching to a different green option won't affect any Contract between you and us; and
 - (ii) if you cancel your green option the Green Option Terms and Conditions will no longer apply to you but there will be no change to any Contract between you and us.
- (d) We'll ensure that for the percentage of the electricity that we sell to you (as applicable to your selected green option and set out in your Energy Plan Details), an equivalent amount of electricity is produced from GreenPower Generators accredited under the National GreenPower Accreditation Program.
- (e) The electricity produced from GreenPower Generators to meet your green option is dispatched into the communal electricity grid and cannot be distinguished from electricity produced from non-renewable sources. We therefore cannot guarantee that any or all of the electricity actually supplied to your premises is partly or exclusively from renewable energy sources.
- (f) However, as our green options are accredited GreenPower products, the rules of the National GreenPower Accreditation Program operate to ensure that we cause the required amount of renewable energy to be produced and dispatched into the communal system.
- (g) If for any reason your green option ceases to be accredited under the rules of the National GreenPower Accreditation Program, or we're no longer able to continue providing the green option, we will notify you of your options as soon as practicable. You may cancel your green option by notifying us.
- (h) For more information on the National GreenPower Accreditation Program please go to www.greenpower.gov.au.
- (i) These Green Option Terms and Conditions form a separate contract between you and us and don't limit, vary or exclude the operation of any Contract between you and us for the sale of energy.

These Green Option Terms and Conditions are between:

EnergyAustralia Pty Ltd (ABN 99 086 014 968) (in these Green Option Terms and Conditions referred to as "we", "our" or "us"); and

You, the customer to whom these Green Option Terms and Conditions apply (in these Green Option Terms and Conditions referred to as "you" or "your"). Other terms used in these Green Option Terms and Conditions have the same meanings as in the market retail contract for the sale of energy between you and us.

Protection of your privacy

This Privacy Policy and Credit Reporting Policy applies to all of the activities of the EnergyAustralia group of companies operating in Australia (including the Embedded Networks Company Pty Ltd, trading as scene) (referred to as 'us'/'our'/'or 'we'). It describes how we manage personal information and how we handle credit-related personal information. Our Website Policy (set out below) also describes how we deal with certain information collected through our website.

This policy was last updated on 1 August 2018.

Privacy Policy

We are committed to respecting your privacy and protecting your personal information in accordance with the Australian Privacy Principles contained in the Privacy Act 1988 (Cth). This privacy policy explains how we deal with your personal information and how to contact us if you have queries about our management of your personal information. By providing us with your personal information (including your sensitive information), you consent to the collection, use, disclosure and storage of that personal information as set out in this Privacy Policy. This privacy policy does not cover personal information collected or held by EnergyAustralia about its employees.

We may disclose your health information to your distributor or, in some circumstances, field vendors for several purposes (see *How we use your personal information* above).

Do we record your phone calls to us?

The detailed credit reporting information received back from a CRB (including credit scores) and any information derived from the credit check (collectively, “credit eligibility information”) will be accessible only by a dedicated “credit team” employed by EA Services, and may be used by that team to manage your credit.

If you believe on reasonable grounds that you have been or are likely to be a victim of fraud, you can request CRB not to use or disclose credit reporting information about you. In addition, you can request the CRB not to use your credit reporting information for the purposes of pre-screening of direct marketing by a credit provider.

The CRB may include information that EA Services provides to the CRB in reports that the CRB provides to other credit providers to assist them to

assess your credit worthiness.

If EA Services does a credit check on you from time to time with a CRB, the CRB will generate a credit score for you and make this available to EA Services. EA Services will use this information from time to time to help us assess your credit worthiness, including by updating our own credit score for you.

If you become our customer, your “credit eligibility information” as described above will be stored in the secure location that is only accessible by the dedicated “credit team” employed by EA Services. However, the identification information we collected from you (that is, your name, address, date of birth and driver’s licence number) will be held in our customer database.

Some of our contractors to whom the identification information in our customer database may be disclosed are located overseas, including in India, New Zealand, China, Hong Kong, Singapore, Malaysia, the Philippines, UK and the US.

If you don’t become our customer, your identification information will be held in our quotes database until such time as it is destroyed.

If, after reasonable follow up, you do not pay any outstanding amounts owed by you to us EA Services may supply the CRB with this information along with relevant personal information. This may include:

- identification information about you
- the fact that you have applied for credit and we are a credit provider to you
- advice about payments more than 60 days overdue which are ‘in collection’ that we are permitted to report to the CRB
- that, in our opinion, you have committed a serious credit infringement
- that credit provided to you has been paid or otherwise discharged

Notification to the CRB that any of your outstanding payments are no longer overdue will only be made following payment of the outstanding amount including any accrued interest.

You’re entitled to access and seek the correction of the credit-related personal information that we hold. If you have a complaint about the handling of your credit-related personal information you can contact our Privacy Officer.

What if you disagree with our decision?

Where we make a decision about you or affecting you, you may ask us to explain the basis on which that decision was made, and you may ask to see the personal information (if any) on which our decision is based (see *How can you get access to your information?*).
