<b>Expiry date</b>	Contact the retailer

### Offer eligibility

The details in this fact sheet are for residential customers located in the distribution area outlined with the meter configuration described. Unless specified 'Peak Only' is the default meter type.

## Discounts and incentives

### Incentives

#### PowerResponse program rebate

You may be eligible for our PowerResponse program, and by participating in events, you may be eligible for rebates which may change over time. See website [energyaustralia.com.au/power-response](http://energyaustralia.com.au/power-response) for details on eligibility criteria, T&C's and rebates.

#### Solar feed-in-tariff

Solar Max is for electricity only and is available to eligible residential solar customers not receiving any Government feed-in-tariff.

#### Solar feed-in-tariff

The higher feed-in-tariff (10c/kWh) applies for the first 15kWh average solar export per day across your billing period, after which our standard feed-in-tariff rate (5.4c/kWh) will apply to the balance of solar export.

#### Solar feed-in-tariff

The daily export is averaged by dividing the total solar export by the number of days in each billing period.

#### Solar feed-in-tariff

For further information see <https://www.energyaustralia.com.au/home/electricity-and-gas/compare-electricity-and-gas-plans/solar-max>.
